

**11<sup>th</sup> Fragility Fracture Network  
Global Congress 2023**

**FFN**

3-6 October 2023 ▪ Oslo, Norway

**Enlightening fragility fracture care**

## **2023 Sponsorship Levels**

***26 September 2022***

On behalf of the local organising committee, we are very excited to invite you to the **FFN Global Congress 2023** in **Oslo, Norway** from **Tuesday, 3 October – Friday, 6 October 2023**. We are excited to announce this face-to-face meeting in Oslo that will bring the FFN Global Congress back to Europe.

We firmly believe the FFN Congress is the most important scientific and educational event in the world in 2023 for health care professionals interested in interdisciplinary treatment, rehabilitation and fracture prevention for older people with fractures. The FFN has undergone important organisational changes, including an increase in regional and national activities, and is now – after 10 years of existence – ready to take the stage as a unifying global force. Just as we work together in teams to care for our patients, there is an awesome team behind the FFN Congress in Oslo waiting to welcome you with open arms for an exciting and interesting meeting.

The 2023 Congress is currently planned as a fully in person event with delegates attending in-person at Oslo Congress Centre, located in the heart of Oslo. We will also offer online program components for international colleagues not able to come to Oslo.

The Fragility Fracture Network look forward to welcoming you to the wonderful city of Oslo in October 2023.
